

# Restaurants Care

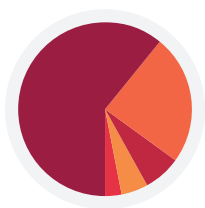

## Providing hope and stability.

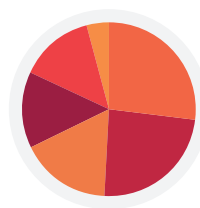

Restaurants Care® is a vital relief fund supporting food and beverage workers across California. Since 2017, Restaurants Care has honored the dignity of those we serve by delivering cash grants of up to \$2,500 directly to individuals in crisis.

## Who we serve.

Restaurants Care is available to all food and beverage workers facing a crossroads in their lives.

**61%** Latino    **3%** Black  
**24%** White    **7%** Other  
**5%** Asian

**27%** Illness    **24%** Loss of loved one  
**17%** Accident    **14%** Natural disaster  
**14%** Injury    **4%** Housing disaster

## Why it matters.

Food service is powered by people. In fact, 1 in 10 workers in California are in food service.

Where do they turn to in a crisis?

## Our impact.

**\$1.3M**  
in relief aid to  
2,100 food service  
industry workers.

**Helping families**  
the average grantee  
has two dependents.

## Our partners.

Restaurants Care is, at its heart, a **grassroots effort** to provide food service workers across the state with access to financial support when they need it most. Our network of annual partners, volunteers, and ambassadors work together to sustain the fund and raise awareness.

## How to help.

Our greatest need is funding for grants to those in crisis. To date, we've had enough funding to say "yes" to each qualified request. However, as awareness of the fund increases so does the need for donations.

You can help power grants by:

- Becoming a Restaurants Care Annual Champion
- Sponsoring and attending The Grateful Table® dinner
- Joining our Giving Crew by making a recurring monthly gift
- Hosting a give back
